Email: tnching@mpob.gov.my

INTEREST

QTLs and candidate gene markers associated with yield components and fatty acid composition in oil palm

EDUCATION

Ph.D. Biosciences (Molecular), University of Nottingham Malaysia Campus

M.Sc. Plant Genetics, UPM

B.Sc. Plant Technology, Universiti Malaysia Sabah

AREA OF RESEARCH

Development of genetic linkage maps for oil palm, QTL analysis and validation

AREA OF EXPERTISE

Molecular markers, genetic linkage mapping and QTL mapping
